## **Navigating Through COVID-19**

Our hearts go out to all who have been affected by the outbreak of Coronavirus (COVID-19).

In light of the current situation, we are taking extra precautions to keep our team and customers safe and healthy, and to support local health officials and government leaders as they work to contain the virus.

### **Our Presentation Centre remains open by appointment only.**

For those that would like to book a one-on-one appointment during these unprecedented times, we will be asking some health and safety questions prior to our meeting:

- 1) Do you have the following: fever, and/or new onset of cough or difficulty breathing?
- 2) Have you travelled to any impacted areas in the 14 days before the onset of illness?
- 3) Have you come in close contact with a confirmed or probable case of COVID-19?
- 4) Have you had close contact with a person with acute respiratory illness who has been to an impacted area (see #2) in the 14 days before their symptom onset?

We would also be happy to meet with you by video conference, if preferred, or FaceTime you at your convenience to take you on a virtual tour of our Presentation Centre and our Model Suite.

Please be assured for those that will be meeting with our team, we are following the best practices for keeping a sterile Presentation Centre, as set out by Health Canada.
